## Nopkin.com makes a small difference in Ugyen's Life

*Text by: Shyam (he brought the plea to Nopkin.com)*

Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos to order, confusion to clarity. It can turn a meal into a feast, a house into a home, a stranger into a friend. Gratitude makes sense of our past, brings peace for today, and creates a vision for tomorrow wrote Melody Beattie and young Ugyen got dreams for tomorrow.

About a month ago, I had posted an appeal article requesting readers and members to contribute any amount to help a 7 year old (now turned 8 years just recently) Ugyen Thinley for his RENAL (Related to Kidney) treatment in Vellore, India. He got treated with care and attention at the Christian Medical Hospital, Vellore because he could fly on DrukAir in time with the money you all contributed. Ugyen today has improved (75%) as quoted by his Doctors. Thanks to all the good hearted people who prayed, contributed and wished for the life of young Ugyen.

Ugyen's Father, Mr. Yeshe Dorji of Wood craft centre ran out of words expressing his gratitude for the gesture we have shown and the amount we have contributed. He feels that we have given his son a new life. Thanks for all your wishes, Prayers and the Money. "It really shows how great and good human beings you all are," he said.
